

HOME HAPPENINGS

—Next Sunday is Washington's birthday.

—Skating is a popular pastime with the boys and girls these crisp winter days.

—The Winoanahs Club met Wednesday evening with Mrs. Laura Craig at her home on High street.

—Many people enjoyed the noodle supper served by the ladies of the Methodist church last Saturday night.

—Considerable eight and ten inch ice of excellent quality has been cut and stored the past week by local dealers.

—While G. C. Reed, rural carrier on route No. 1, is taking his annual vacation his son Harold is serving as substitute.

—A special meeting of Argus Masonic lodge will be held this (Friday) evening. There will be work in the P. C. degree.

—On account of huge drifts in the roads Monday and Tuesday automobiles running between Canfield and Youngstown were unable to run on schedule time.

—The Stars will give the next number of the Normal lecture course next week Friday and Saturday nights. The company is one of the best on the road.

—Caroline, little daughter of Mr. and Mrs. F. E. Wetmore, is seriously ill with pneumonia at her home on High street. A trained nurse is constantly at her bedside.

—The Christian church social held last Saturday night at the home of Mrs. Cordelia Cook on Court street was attended by forty-five people who spent a most enjoyable evening.

—Miss Myrtle Phillips on Monday concluded a visit of several weeks in Canfield and left for her home in Delaware, Ohio, accompanied by her sister, Mrs. F. P. Kaiser, and little son Reed.

—Members of the Newtonian literary society presented a pleasing play in college chapel Tuesday night before a good-sized audience. The net proceeds will be turned into the college library fund.

—Rev. Mr. Brown will deliver an address bearing on the wet and dry content now on in this county in college chapel (Thursday) evening, and the public is cordially invited to turn out and hear him.

—Last Friday evening Mrs. W. J. Dickinson and Mrs. E. A. Arnold entertained members of the Stitches Club, their husbands and several other friends at a Valentine party in the home of Mrs. Dickinson. The evening was a most pleasurable one for all participants.

—The Altimo Gas Co. is arranging to drill quite a number of gas wells during the next few months. It is hoped that such a supply of gas will be secured that it can be sold at a price which will make it as cheap or cheaper to use in furnaces than coal. Hall the day.

—Vaughn Brothers of Columbiana are having extensive improvements made in the Harroff store room on Broad street and within a few days will open a branch furniture store. They are "wide-awake" young business men and will make a success of the enterprise.

—Washington's Birthday will be a holiday next Monday. The local post-office will be open from 7 to 10 a. m., and from 4:30 to 6 p. m. Rural carriers will make no delivery. The Farmers' National Bank of Canfield, like other banks throughout the state, will be closed all day Monday.

—Rev. Alexander Kelso of Pittsburgh has declined the call extended him by the Presbyterian church of Canfield, and has accepted the pastorate of a church near Connellsville, Pa. It is a matter of much regret that this talented young man could not be secured for the local church.

—The number of people who make use of the Community Library is steadily increasing. Also the number of books given out each week. The management very much appreciates a lot of up-to-date books sent to the library by Mrs. T. J. Bray and Mrs. Morgan Lewis of Youngstown and Mrs. Kate Coffey of Cleveland.

—The voting contest conducted by general merchant H. J. Dickinson the past six months closed last Saturday. The count of votes was not completed until Monday when the result was announced as follows: Piano, Miss Minnie Kimmel; Elgin watch, Miss Elsie Hake; gold watch, Miss Elsie Hake; toilet set, Mrs. Roy Williams.

—Mrs. George Kimerle, who has been a sufferer from cancer for a long time, is in a critical condition at her home on East Main street. Last Friday afternoon her breathing was not perceptible, and it was believed by those attending her that she had passed away. She revived, however, but her condition is so serious that it is thought she cannot long survive.

—Miss Ruth Berger went to the cellar of her home on Court street last Saturday to get potatoes for dinner. While making her selection she picked up a tuber that was a perfectly formed heart, and to make the valentine complete it had an arrow piercing one side of the heart, the arrow being a sprout about half an inch long. It is strange indeed that this potato valentine should be discovered on St. Valentine's Day.

—The Dispatch has been commended by numerous people for what was said last week about macadamizing the east side of Broad street. The opinion seems to be quite generally prevalent that what the village needs most just now is street lights. The business quarter of the town, to start with, can be lighted at a cost not to exceed \$250 a year, and that sum would hardly be a drop in the bucket when it comes to macadamizing roads.

—Samuel Dickinson, assessor for Canfield village and township, returned Monday evening from Youngstown, where he was called to receive instructions and supplies, and Tuesday morning started on his rounds. He is allowed 35 days in which to complete his work. Greater effort will be made this year than ever before to unearth hidden personal property. Every married woman will be required to fill out a blank or make affidavit that she possesses no property above what the law allows her. The artful tax-dodger this year has had a task set for him that will not be easy to get around.

—Much lumber is being hauled away from the Farmers' Lumber Co. mill by farmers living in this locality which would seem to indicate considerable building the coming season.

—Ra'n Wednesday afternoon threatened to spoil the sleighing, but before the night was far spent the rain had turned to snow, and it was still snowing Thursday morning when the snow plow was brought out to clean the walks.

TOOT'S CORNERS

Feb. 19—As busy as "The Buzzy Bee," these people of the Corners are, you'll see.

Farmers are hauling logs, some running as many as five teams. Guess they think haul logs while the snow lasts in winter as well as to make hay while the sunshine is in summer. From the appearance of mill yards timber will be scarce in a few years. Mrs. Clark Baird spent Monday at H. A. Knauft's.

Sunday, Feb. 15, being the eighty-third birthday of Elias Koenreigh, a few friends were invited to his home west of Greenford in honor of the occasion. Among those from here who attended were Mr. and Mrs. Urban Moore. Many happy returns of the day is our wish to Mr. Koenreigh.

Dame Rumor says we may soon have more new neighbors. "The more the merrier." We welcome them here.
